

RF Audio Recovery for Street Level Operations

~FREE TRAINING FOR INOA MEMBERS~

RF Audio Recovery for Street Level Operations

When: Wednesday, July 30, 2008, 9:00 a.m. - 1:00 p.m.

**Where : Shelby County Sheriff's Office
1104 9th Street
Harlan, IA 51537**

Instructor: Scott Dotson, Tactical Technologies, Inc.

This course is an intense 4 hour course targeted for those officers, mainly Narcotics Investigators, who must deploy and supervise the use of covert RF audio intercept systems and to better the intelligence and narcotics enforcement through education. This course will teach you:

- how to use technical investigative equipment to consistently produce evidence quality recordings
- how to obtain the maximum performance from your existing equipment
- how to maintain RF Operational awareness
- how to conduct RF planning and create an RF Operation and Overlay

The focus is to sharpen the students' RF skills and to instill a renewed desire to use creativity and ingenuity during street level operations. However, the overall goal is to increase Officer Safety during RF Audio and Recovery at Street Level Operations. **Be sure to bring your agency's equipment for use in the class.**

FREE* training for current INOA members and \$25 for non-members. Payment is due at the time of registration. Please make checks payable to INOA. On-site sign in will begin at 8:30 a.m. with the training beginning promptly at 9:00 a.m.

Submit your registration/payment to:
